CITY MANAGER REPORTS

Several Improvements In Grayling Are Explained For The Citizens

On Monday of this week, Grayling City Manager Harold S. Cliff issued a progress report to the citizens of Grayling. Following is his report:

"The reconstruction of the city's sewage disposal plant is finally underway. The contractors, Peterson and Werthing, have started on the plant proper and are now in the process of building the new settling tank. This takes a considerable amount of excavation as it is located on a side hill. Also part of this excavation is for the new part of the building proper. Some difficulties were experienced due to water at the bottom of the cut. This made it necessary to pump water out before cement could be poured to form the base of the tank. This pumping is known as "well pointing". The contractor has handled the problem very nicely.

The sub-contractor, a Mr. Porter of East Jordan, has started the diversion of the airport sewer from the plant to the pumping station at the corner of Maple and Ingham streets. This job was just started last Friday and will be completed in about two weeks. It will be necessary to close Ingham street during this time.

Other projects just completed are the improvements to the surface of the following streets in the city: Madsen from Brink to State; Alger and Charles; Ottawa from Park to Michigan Ave., and Ogemaw from Rose to Plum. This work consisted of 20 foot prime and double seal coat by the Ann Arbor Construction Company. All preliminary work was done by the city crews. This is a big improvement to these streets and something that was badly needed. The City is planning to continue this resurfacing program taking two streets each year until all streets are resurfaced to a 20 foot width.

The Consumers Power Company has informed the City that they will resume construction of the street lights on the 20th of this month. This will complete the lights to the north and south city limits on James and McClellan streets.

The new directional signs on I-75 for the city have been completed. These are located north of the North Down River Road and north of the Pines Road or M-93 exchanges. The south sign is located just north of the I-75 and US-27 intersection. These are beautiful lighted signs and an asset to Grayling.

With the improvements of our streets, the disposal plant, the street lights, the signs, the new manufacturing plants such as the Grayling Reel Corp., the Red Mill Pallet Company and the new addition to the Stephan Wood Products Company, the City Council and your City Manager feel that Grayling is moving forward and that the people of Grayling can feel proud of their "city".

Expect 180 To Attend Area Meeting Here

Over 180 people are expected at the annual meeting of a 14 county area in the Tenth Congressional District at Grayling this Friday. The session is the annual meeting of the area Township Association.

It will start at 10 a. m. and the session will be held at the Grayling Post 106, American Legion Hall. Luncheon for the group will be served at the Michelson Memorial Church.

The meeting designed to bring together those who make the laws and those who must carry them out will feature a "Face To Face" discussion with the Congressman, State Senator, State Representatives, State Officers, County Officers and Township Officials.

Among those invited to attend besides the several hundred Township Officials, are Congressman Elford A. Cederberg, State Senators Lynn O. Francis, Harold B. Hughes and John H. Stahlin; State Representatives Lester O. Begick, James P. Mielock, Nelson G. Tisdale, Walter G. Nakkula, Fred O. Olsen, Hans C. Rasmussen, Ross O. Stevens and Russell H. Strange, Jr.

To Hold Silver Tea Aug. 28

The public is invited to attend the mother and daughter silver tea sponsored by the W.S.C.S. of Michelson Memorial church on Tuesday, August 28th. The tea will be held from 2:30 to 5:30 in the afternoon at Ludemans' Camp Shoppenagon on the AuSable.

A booth will display baked goods of all kinds, embroideries and other handwork for sale. Weather permitting, the tea will have attractions both indoors and outdoors.

Engagement Announced

Making plans to be married next year are Bethany Anne Ray of Grand Blanc and Donald F. Roberts of Grayling.

The bride-elect is the daughter of Mrs. Dorothy Ray of Windsor, Ont., and Frank E. Ray of Grand Blanc. Her fiance's parents are Mr. and Mrs. Clarence Roberts of Grayling.

Miss Ray and the prospective bridegroom are graduates of Michigan State University. She is affiliated with Delta Zeta sorority and he is a member of Triangle fraternity.

Ohio Guard Rated High

Ohio's 37 Infantry Division returned home over the weekend with the highest reported record ever obtained by a reserve or national guard division during two-weeks of annual summer field training.

Although the final "official" rating has not yet been received from Second Army Headquarters, regular army evaluators chalked up the most impressive total for the 37th yet received by any unit. The final ratings will come to Major General Loren G. Windom, Adjutant General of Ohio and Commanding General of the Buckeye Guard Division in the next few weeks.

Using the army grade-card system, the 37th received 4873 superiors (highest possible) out of the total of 6818 inspections. There were 1846 excellents; 96 satisfactory ratings and only 3 unsatisfactories. Each company-size unit was rated at least 80 times by some 30 evaluators . . . at least 5 or 6 inspections per day.

During the two-week "training war" the 37th and their 100 Ohio units were shot at; tear gassed; rained on; evaluated; and attacked as they effeciently ran through their paces. General Windom stated: "It was a tough period of training for the 8,000 men here, but it was most satisfying. The men are to be congratulated as are their units, for the record they compiled.

He added; "We can be ready when the world situation dictates- and this is the important thing - not the ratings we receive. I am proud of the 37th and what they accomplished in two short weeks. Our units have been challenged to keep up this high peak of efficiency and to continue to work on readiness preparations."

The Ohioans arrived back at home stations Saturday and this week will get all of their equipment cleaned and properly stored after the rigorous training exercises. The Ohio Guard units continue their weekly drills throughout the year in sharpening the tactics needed in hot and cold wars.

Country Club News

The Auxiliary members turned out eighteen strong last week on Wednesday. Eunice Slusser and Priscilla Pettengill tied for low gross for the day, Peg Milnes was winner of low putts, with Elsie Jansen winner of the low net score. Ann DuBois and Laura Olson were on the luncheon committee.

Sunday, August 5th, saw the playoff of the championship tournament, with Mary Pettengill winding up with the winning low score. Runner-up was Alice Bond. Awards will be made in the fall to all winners of events.

In the junior division, Monday, August 6th, the winner of low putts for the girls was Linda Knibbs, and low net Sylvia Douglas. Winners among the boys were Kyle Slusser, low putts, and Dale Slusser, low net. Next week will be the last week for the junior division to play golf.

County Republicans Elect New Officers

At the Crawford County Republican County Convention held at the Crawford County Court House last Thursday evening, the following officers were elected for the new year: Chairman, Mrs. Minnie Hartley; Vice Chairman, Leo Lovely; Secretary, Mrs. Matilda Bishop; Treasurer, Arthur Thayer; Finance Chairman, Helen Lovell.

Delegates were also chosen for the Republican State Convention to be held in Detroit on August 24th and 25th. They are Mrs. Hartley, Leo Lovely, Helen Lovell and Bernard Fowler.

Local Teacher To Attend Workshop

LANSING — Mrs. Evelyn E. Klein of Grayling, will attend a leadership work session of the Department of Classroom Teachers (DCT) sponsored by the Michigan Education Association, August 17 and 18, at the Whitcomb Hotel, in St. Joseph, to study current problems facing the state teachers. Mrs. Klein is director of area 14 of the DCT.

The DCT is the largest department of the Michigan Education Association with a membership of some 45,000 teachers.

Saskatchewan Trip Set For September 8

On September 8th the third of what appears to be an annual Saskatchewan fishing trip starts from Grayling.

As with last year's trip, there are a number of former members who are to return for a chance to fish for and catch the fabulous arctic grayling and huge lake trout and northern pike. Each year the fame of the Grayling charter spreads and new members from near and distant cities join with the Grayling group to make this wonderful trip.

Only one trip is planned this year, and it has been filled for some weeks, but from tentative reservation already in for next year it seems it will be necessary to arrange two or more flights to accommodate the applicants. To date there are 17 reservations for next year.

There is also a growing interest and questions asked about running a special trip for husband and wife teams, which will also include several single fisherwomen. This would be a third trip if enough couples are interested, and would probably be run in mid-August. The two trips planned for men only, and it is almost certain two trips will be made, will be run the last week in August, and the second week in September.

To give an idea of how the first charter, which was made up for the most part with local fishermen, has spread, following is a list of fishermen who will fly out of Grayling Seutember 8th and travel via the Grayling Charter some 2,000 miles northwest to Black Lake and the Fond du lac River: From Grayling, John Wharff, Earl Johnston, Art Clough Melvin Marshall, Otto Failing; Clarence Roberts; from Roscommon, Robert Dodge and John Dodge; from Gaylord, Dr. Robert Libke and Pearl Fox; Delbert Walker, Mio; B. V. "Red" Nichols, Ashtabula, Ohio, and W. D. Nichols of Fairview Park, Ohio; Al Merrick of Dayton, O.; Don Wharff, Pontiac; George Herrick, Bloomfield Hills; Clyde Whitmore, Lathrup Village; Fred Phipps, of Flint; A. P. Wagner, St. Clair Shores; Roy Rankin and Jim Davis, Birmingham; Walter Klimas, Detroit.

If you think you might be interested in any of next year's trips, get in touch with Clarence Roberts, 700 Maple, Grayling, and when plans are made next year, you will be contacted for final arrangements.

Grayling Evangelical Lutheran Church To Have New Pastor

The Reverend Harris A. Jespersen and his wife will arrive in Grayling this week to take over the pastorate of Grayling Evangelical Lutheran Church, which has been vacant since the last of April, at which time Rev. and Mrs. Harald Knudsen moved to California, following a 6½ years residency in Grayling.

Rev. and Mrs. Jespersen are leaving a pastorate in Circle Pines, Minnesota (a suburb of Minneapolis), which they have served faithfully for a period of years.

Rev. Jespersen will fill the pulpit of the local Lutheran Church for the first time at regular services this Sunday, August 19th, at 11 o'clock and the service will be followed by an informal coffee hour at Danebod Hall. Members and friends of the congregation are invited to come and hear Rev. Jespersen's message at the morning worship service, and to meet and greet the pastor and his wife at the coffee hour.

Installation services for the new pastor, and a formal reception, will be held the early part of September, when Rev. Howard Christensen, the District II President, of Detroit, will be here. This service and reception will be announced later.

Grayling Evangelical Lutheran Church is among the many churches that were a part of the recent great merger of Lutheran Churches which took place at Detroit. Churches of the Synods of United Lutheran Church of America, Augustana Lutheran Church, Suomi Lutheran Church and American Evang. Lutheran Church combined in this merger to form the new LUTHERAN CHURCH IN AMERICA (LCA), of which the local church is now a part.

Since the departure of the Knudsens in April, the Reverend R. C. Puffer, retired Methodist minister, has filled the pulpit at Grayling Evang. Lutheran Church. His messages have been most inspiring, and the congregation is very gratefull for his kindness in serving the church during the summer months.

Everett Bidvia Gets Second Hole In One

Everett Bidvia, former Grayling resident got the thrill of a golfer's dream come true at the Pontaluna Country Club near Muskegon Heights last week.

And the highlight of the feat was that Bidvia's ace caught the cup on the fly. Bidvia smacked a seven iron shot into the wind on the 120-yard No. 2 hole last Thursday and figured he had hit it over the green. But Jim Kaminski of Grand Haven, Dan Colella and Tom Vanderplow, playing with him, turned loose a spontaneous celebration on the tee.

It was Bidvia's second hole in one in two years, the first coming on the 14th hole at Pontaluna.

Calvary Baptist Plans Vacation Bible School

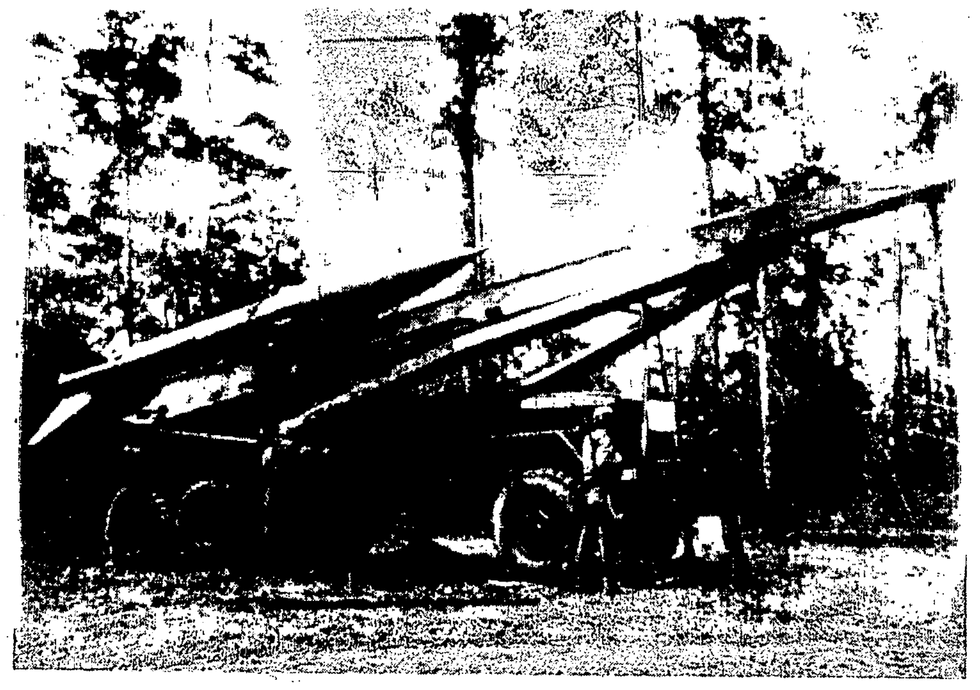
To Fire "Honest John" Rocket

1,500 Army Reservists To Train With Indiana Guard



A live demonstration of the Honest John rocket will highlight the two-week summer training program for the 38th Infantry Division, Indiana National Guard. The Hoosier division will be at Camp Grayling, from August 12 to 26. The Honest John, capable of delivering a nuclear warhead, will be fired August 21st by a special group which has been training at Darlington, Indiana. It will fire a blank warhead.

More than 1,500 reservists will be taken under the wing of the 38th Infantry Division, Indiana National Guard, when the Hoosier unit begins summer training this year at Camp Grayling, it was announced today by Major General Wendell C. Phillippi, commanding general of the Division.

Some 1,330 Army reservists from Indiana and Michigan joined the Cyclone Division on Sunday, August 12th. The Army reserve personnel, divided equally between the two states, began arriving in Camp Grayling at 8:00 A. M.

Also training with the Hoosier unit will be some 50 artillerymen of Michigan's 46th Infantry Division and Ohio's 37th Infantry Division. They will be training with the 38th's rocket battery when it fires the nuclear capable "Honest John" missile on August 21st at Grayling.

All reservists attached will work alongside National Guardsmen in their respective job assignments. The Army personnel will include both active and inactive reservists. Both reserve personnel and guards men will train for two weeks, August 12th through 26th.

Announcement of the reservist processing was made by Lt. Col. Jerome S. Rafferty, Division Adjutant General.

Rafferty said 55 men processed the individually arriving reservists from 8 a. m. to 6 p. m. on Sunday. Men arrived by public transportation, including buses and trains.

Units of the Cyclone Division were expected back into Camp Grayling today (Thursday) after being tactical and in the field since Sunday. One of the highlights of the first week of training will take place on Friday. It will be a demonstration of an Infantry-Tank team in attack. It will be conducted by the first Battle Group, 293rd Infantry and the 1st Medium Tank Battalion, 135th Armor. The major objective of the 2 hour demonstration is to familiarize infantrymen with the characteristics, mobilities and tactical employment of tanks.

A United States Continental Army Command team arrived at Camp Grayling on August 15 for a 3 day inspection period. The purpose of the visit is to observe the stylized rifle platoon attack course with troops of the 38th Infantry Division.

On Saturday, the Division Review will be held at the Review Field starting at 10 a. m. The troops will review before the Generals of the Division as well as before Indiana Governor Matthew Welsh who will fly to Grayling Saturday morning.

Immediately following the Review a reception will be held at the Officers Club for Governor Welsh with a luncheon to follow. Governor Welsh will fly back to the Indiana capitol Saturday afternoon.

The last of some 1200 tactical vehicles of the 38th Infantry Division, Indiana National Guard, completed the annual trek to Camp Grayling Sunday with the arrival at 1840 hours of the 1st BG, 152d from Evansville.

Lt. Col. William E. Scott, G-4, said movement was completed with no major mishaps and only minor delays.

During the movement to Grayling, segments of the Ohio National Guard on its homeward journey were reported moving smoothly along highway 27. The Ohio Division completed its two weeks of active duty immediately prior to the Cyclone Division's arrival.

The possibility of the 38th Infantry Division's returning along highway 27 was being considered in official quarters. It was felt the four-lane highway would provide superior mobility for both military and civilian automobile traffic.

The Hoosier division saved an approx. $7500 over last year's figure on gasoline consumption during the trip to Camp Grayling, Lt. Col. Williams Scott has revealed.

The 1200 tactical vehicles used some 180,000 gallons of fuel for the northward trip.

The 38th Infantry Division's vehicles will drive a total of five million miles en route to camp, during camp, and on the homeward trip, Lt. Col. Scott said.

Teen Center Opening Slowed

Unfortunately the Grayling Teen Center wasn't ready to open last Tuesday but it was to have had its grand opening Wednesday of this week, the 15th. We have painted one room but still haven't any furniture.

If anyone has any furniture they would care to donate to our cause, please take it to the South Side School or leave it with either Richard Smith, Sharon Williams, Jack Jones, Eddie Southwell, Sylvia Leas, Linda Knibbs, Dan Feldhauser, Carolyn Galloway or Jim Jorgenson. We need card tables, chairs of every sort, sofas, etc.

We would be glad to have any interested parents stop by the Teen Center to see how we are doing and to give us any suggestions.

The amount donated for the Teen Center, reported as $141 in last week's Avalanche, should have read, $741.

County Shows Decrease In TB Cases In 1961

LANSING — Crawford County was one of 50 counties in Michigan showing a decrease in the number of active tuberculosis cases detected last year, it was reported today.

Statistics provided by the Michigan Tuberculosis and Respiratory Disease Association based on Michigan Department of Health records show, however, that active tuberculosis *increased throughout* the state.

But in Crawford County, the number of new active cases detected decreased from two to none the state's Christmas Seal agency said.

RADKA REPORTS ON CON-CON

Rogers City, Michigan
August 6, 1962

The Constitutional Convention held its final session on August 1, 1962. One hundred forty-one of the 144 delegates were present in the same Convention Hall where they had deliberated for 7½ months. The scene was different. Temporary tables and chairs replaced the desks and plastic molded chairs, but the session ended with the same general line-up of delegates voting for the new Constitution as they had on May 11, 1962. Ninety-eight delegates voted for the Constitution and 43 voted against the final document. The battle lines are sharply drawn and you will be given the opportunity to vote for or against the new Constitution in the April 1963 election.

I voted for the new Constitution and will diligently work until the April 1963 election throughout Northern Michigan to help inform you what the new Constitution means and will urge you to vote in favor of its adoption.

Several minor changes were made at the final session and one major change relating to the reapportionment of the Senate. No change was made in the formula which is to be used as the basis for creating Senate districts. The change which we made was when the new formula would be applied. The schedule provided that Senate districts would be created on the formula basis of crediting each county with factors based on population and area giving credit of 80% for population and 20% for area beginning in 1970. Now the formula for creating new Senate districts may be used to reapportion Se nate districts following the adoption of the new Constitution. I do not believe the formula will be found to violate the Federal Constitution and I was one of the few delegates who believed that nothing could be gained by changing the scheduled date for its application from 1970. The recent action of the Supreme Cocrt of Michigan seems to have clearly brought into focus the urgent need for our approval of the new Constitution and the provisions contained therein which provide for the just and reasonable reapportionment of our legislature. As your delegate I have repeatedly said that I believed in a balanced legislature, not in a legislature controlled by one area of the State and people with limited interests. There is little argument with the formula or basis used in creating districts for the House of Representatives. The argument is centered on the Senate apportionment.

You have read and heard the simplified explanation of the formula wherein we credit each county 80% for population and 20% for area. Giving credits for area is not an attempt to ignore people and give credit to trees, stumps and land. It is a formula designed to place representatives in one body of our legislature who will represent people and their divergent interests from throughout the area of our State, not to have a Senate composed of representatives from a small area of the State with the limited interests found in this small area.

The new proposed Constitution will be good for all of Michigan, and if it is good for Michigan, it should have your support.

ELMER L. Radka, Delegate
Constitutional Convention
Presque Isle District

Pat Kajawski, of Boyne City, receptionist at the Big Rock Point Nuclear Plant information center near Charlevoix, blows a horn to signalize the arrival of the hundredth thousand visitor August 2nd. Alun Bevan, manager of the center, watches Henry Guttentag of Detroit sign in. With Mr. Guttentag, a supervisor in the research and engineering department of Ford Motor Company at Dearborn, are his wife, Lynne, and their three sons, Steven, 7, Michael, 6, and David, 2. M. and Mrs. Guttentag received a portable television set. Steven and Michael got transistor radios, and David a gift certificate. The Guttentags also were guests of Consumers Power Company at a dinner at Holiday House, Petoskey. They had been vacationing in Bay View.

Bits O' Talk

Mrs. Augusta Allen was called to West Branch August 4th, because of the serious illness of her nephew, Carl J. Huff, who passed away the following day at Tolfree Memorial Hospital. Mrs. Allen was home again Monday, returning to West Branch Tuesday to be with the family, and attend the funeral services which were held Wednesday, August 8th, at the Stuernol Funeral Home in West Branch. Mrs. Allen's son and wife, Mr. and Mrs. Sam Smith of Keego Harbor, also attended.

Mr. and Mrs. Thomas Johnson and four children of Duluth, Minnesota, visited Mrs. Johnson's sister, Mrs. Ruth Steinbrink and family overnight Saturday, the 4th, enroute to California to visit Hollywood, Disneyland, and other points of interest. The sisters had not seen each other for seven years.

Margrethe and Olga Nielsen and Mrs. Wilhelm Raae enjoyed a trip to the Soo and Mackinac Island the last of July.

Mrs. Chris Carlsen of Detroit was a guest of Mrs. Wilhelm Raae August 6th and 7th.

Mrs. John Hume and children Craig, Carey and Nancy of Birmingham visited Mr. and Mrs. Jack Alef for three days recently.

Mr. and Mrs. George J. Labo of Deerfield Beach, Fla., visited their niece, Mrs. Robert Neafie, for a week, returning to their home last Thursday. Mr. and Mrs. Tom Douglas entertained with an outdoor barbeque supper on Monday, the 6th, for Mr. and Mrs. Labo during their visit.

Miss Wanda Mikrut of Detroit, former GHS Home Ec. teacher, was the guest of Mr. and Mrs. Marius Hanson from Friday to last week Wednesday.

Mr. and Mrs. Robert Carriveau and three children of Detroit visited his parents, the James Carriveaus, from Sunday to Wednesday last week, also his sister and family, the Robert LaMottes. The Colburn Charlefours of Eaton Rapids spent a week with the James Carriveaus, leaving Tuesday of last week.

Visitors of Mr. and Mrs. John McCarver at their cabin on the North Down River Road last week were their daughters, Mrs. Charles Shaw and daughter Laura Ann of Detroit and Mr. and Mrs. Ira Callender and daughter Lynn of St. Petersburg, Fla. Mr. Shaw is aboard the U.S.S. Estes out of San Franciso and is soon to retire from the service. The family hopes to make their home here at the time.

George J. Kesseler, son of Mr. and Mrs. Jerome Kesseler, is one of three Lansing representatives of the Lincoln National Life Insurance Company to be named winners in the company's recent nation-wide President's Month sales contest.

Mr. and Mrs. Clarence Gross and daughter Carole left Saturday afternoon, the 4th, for a trip to Wawa, Canada. They spent the evening visiting Mrs. Gross' brother, Wilbert Swanson and family at St. Ignace, later continuing on their way. They returned home Tuesday of last week.

Mr. and Mrs. James Hall and children Carolyn and Katie left Tuesday noon on their way west to Orinda, Calif., to spend a month visiting his parents, Mr. and Ralph Hall, before going on to Seattle, Wash., where Jim will be teaching and doing research work at the University of Washington, in the School of Fisheries. Jim earned his doctorate at the University of Michigan just before leaving here. His degree will be conferred in January. The family has lived for the past two years in the George Griffith rental cottage on the AuSable, and has made many good friends who will miss them.

Mrs. Glen Fenton, Mrs. Jack Fenton and son Bob drove to Grand Rapids Wednesday last to pick up the former's daughter, Peggy, of Chicago, who will be here for two weeks with her mother.

Guest of Miss Cathy Hills this week is Miss Barbara Racey of Traverse City. Barbara's parents, Mr. and Mrs. R. W. Racey, brought Barbara and two friends, Larry O'Heren and Larry Cummings, over on Sunday, taking the boys back home in the evening.

Grayling Marine Ends Aviation Training

MEMPHIS, Tenn. (FHTNC) Marine Corporal Charles G. Ward, Jr., son of Mr. and Mrs. Charles G. Ward, Sr. of Grayling, Mich., was graduated, July 13, from the Aviation Familiarization School at the Naval Air Technical Training Center, Memphis, Tenn.

The two-week curriculm includes flight theory, aircraft handling, survival practices and fire fighting.

Completion of the school entitles students to enter a technical training school to prepare them for duty with the aviation branch of the Marine Corps.

DYNAMIC NEW HOUSING IDEA OFFERS HUGE SAVINGS ANYWHERE IN MICHIGAN

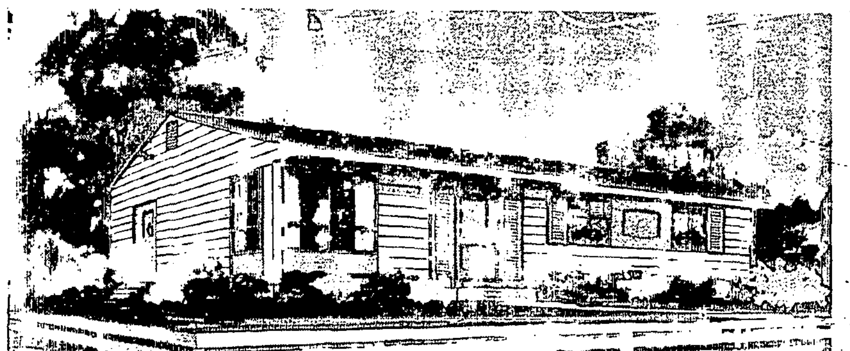
Unique Owner-Participation Plan Makes Possible Huge Savings and Brings Better Housing to Thousands of Michiganders

DETROIT—Dynamic Detroit has done it again! State Homes' radically new approach to home building and financing has created an exciting solution to a very large problem. This new State Homes Plan embodies building and financing a "Livable" home on the owners lot anywhere in Michigan. This "Livable" feature simply means that State Homes erects a basic home and leaves certain finishing details to the owner.

This factor enables purchasers to enjoy a larger, better home for less cost, and to pay for the home in 12 years instead of 25 or 30, or even 40 years. A State Home, when delivered to the owner, has these elements installed or completed: Bryant gas heat system, lifetime finish insulated aluminum siding, 6′ kitchen cabinet, 100 amp. Westinghouse wiring, concrete foundation walls, copper plumbing, double compartment sink, Gold Bond ½″ dry walls, Briggs Beautyware bathtub and weatherstripped doors.

In addition State Homes offers an optional fixture and door package that includes five Luan pre-hung passage doors, six Classic steel closet doors, one 14″ x 18″ medicine cabinet, one 17″ x 19″ white lavatory and trim, one white water closet and trim, light fixtures, chimes, plugs and switch plates for only $500.00.

This can be included in the mortgage and gives the owner all the materials necessary to live in the house, while he paints it, installs the carpeting, etc. These tasks can be easily accomplished by nearly everyone who can use a paint brush, hammer and saw. Or, a local handy man is usually available to help with any aspects of the finishing job that the owner doesn't choose to do himself.

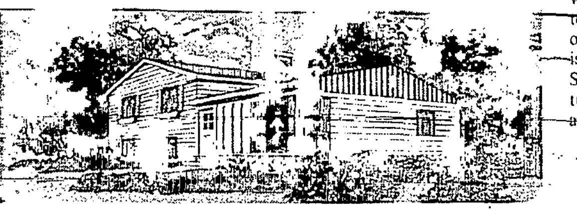


THE TOWN HOUSE—3 bedrooms, large, walk-in closets, country style kitchen, large living room with huge picture window. 40′ x 24′, 960 sq. ft. Priced at $6890.00, monthly payments $69.00.

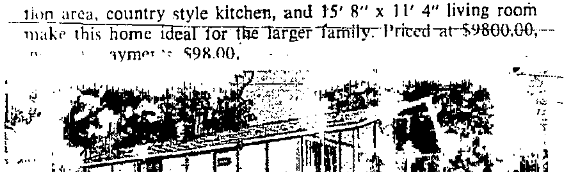
Firm Offers Wide Variety of Plans to Answer Every Need

PRICES START AT $4250.00 AND MONTHLY PAYMENTS AT $43.00

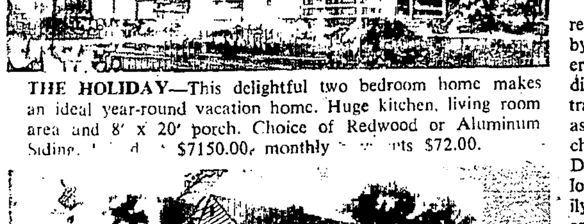
DETROIT—State Homes' house plans are architecturally designed and offer nearly every style home. Cape Cods, Tri-Levels, Ranches, Duplexes and Cottages, with contemporary and colonial styling are offered by State Homes. Among these styles are 2, 3, and [illegible] bedroom homes with 1 or 1½ baths, full basements and attached garages. This wide variety of plans and architectural styles will meet the needs of nearly every home buyer and is yet another example of how State Homes leaves no stone unturned to bring better housing to all the folks in Michigan.



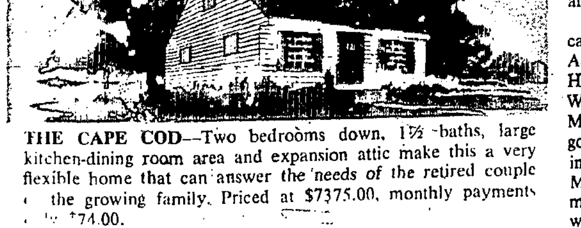
THE TRI-LEVEL—3 or 4 bedrooms, 1½ baths, huge recreation area, country style kitchen, and 15′ 8″ x 11′ 4″ living room make this home ideal for the larger family. Priced at $9800.00, monthly payments $98.00.



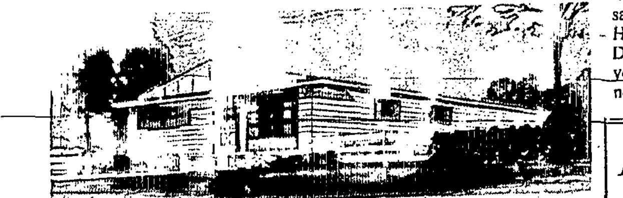
THE HOLIDAY—This delightful two bedroom home makes an ideal year-round vacation home. Huge kitchen, living room area and 8′ x 20′ porch. Choice of Redwood or Aluminum Siding. Priced at $7150.00, monthly payments $72.00.



THE CAPE COD—Two bedrooms down, 1½ baths, large kitchen-dining room area and expansion attic make this a very flexible home that can answer the needs of the retired couple or the growing family. Priced at $7375.00, monthly payments [illegible] $74.00.



THE DETROITER—Specially designed for the narrow lot. 24′ wide 40′ long. 960 sq. ft. Delightful floor plan, 3 bedrooms, open kitchen with adjoining utility room. Priced at $6990.00, monthly payments $70.00.



THE DUPLEX—This is the home that pays for itself! Rent from one unit will in most cases meet the monthly payments on the whole unit. Excellent investment opportunity for retired people or young marrieds. Each unit has two bedrooms, bath, kitchen and living room. Over all dimensions 50′ x 24′, 1200 sq. ft. Priced at $8700.00, monthly payments $87.00.

Model Homes on Display Throughout Michigan—State Wide Dealer Organization

DETROIT — State Homes is represented throughout Michigan by 29 strategically located Dealers. Each of these dealers has a display home and has been fully trained to supply you with any assistance you may need in purchasing a State Home. These Dealers also assure you of a local representative who is readily available to help you with any service problems that might arise.

State Homes Dealers are located in the following cities: Adrian, Delton, Cadillac, Grand Haven, Petoskey, Manistee, Wayne, Grayling, Houghton Lake, Milford, Niles, Monroe, Muskegon, Alpena, Ortonville, Washington, Dexter, East Lansing, Maple City, Charlotte, New Baltimore, Marshall, Fenton, Coldwater, Harrison, Oxford and Vassar. A written request to State Homes at 6450 E. 7 Mile Rd., Detroit 34, Michigan, will bring you the name and address of your nearest dealer and display home.

Plan Vitally Needed for Years, Say Building Experts

DETROIT—Authorities in the building industry have long been aware of the vital need for a building and financing plan that would allow new homes to be constructed in rural areas. Until the advent of the new State Homes Plan this need was virtually ignored. The enthusiastic response which the State Homes Plan has received throughout Michigan is certainly proof positive that the need existed for such a plan and that the need is now satisfactorily satisfied.

Provides A Real Answer For Senior Citizens

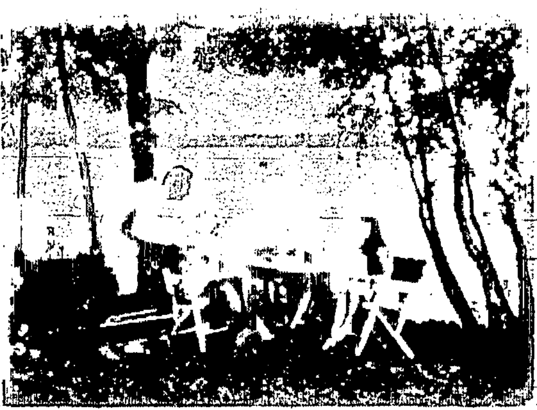
ROSCOMMON and points north and south. The new State Homes building and financing plan for new homes is being hailed everywhere by retired couples or persons about to retire. "Finally," they say, "here is a sound, sensible plan to help elderly people obtain a new home in the quiet retreat of their dreams." They can now sell the big, old homestead and move into a home that is far less expensive to maintain and is suited to their present-day needs.

A Golden Opportunity for Young Married Couples

GRAND RAPIDS — It was pointed out here today that State Homes provides the answer to the housing needs for young married couples. The so-called "War Babies" that jumped the national birthrate so phenomenally starting in 1941 are now of marriageable age. State Homes offers these young folks an opportunity of owning a new home for only $50.00 down anywhere in Michigan. Many of these folks say the State Homes Plan is the best news they've had since the bride said, "I do."

Plan Acclaimed By Mobile Home Owners

FLINT — In Flint and all around the State of Michigan, mobile home owners are giving an enthusiastic welcome to State Homes. "Now," they say, "we can have a large, spacious new home, located anywhere we want it, with sound, sensible financing." The plan offers everyone the opportunity to enjoy a permanent residence in the location of their choice while building an investment for the future. Gardens, trees, lawns, ample play area for the children, and back yard picnics can now be a reality thanks to State Homes' unique new building and financing plan.



Provides Sensible Financing And A Sound Building Program To Michigan Resort Areas

PETOSKEY—A cottage by a northern Michigan lake has long been the cherished dream of thousands of Michigan residents. The exciting new State Homes Building and Financing Plan can make this dream a reality. State Homes, besides its permanent residences, offers a choice of two architecturally designed cottages, which they will build and finance anywhere in Michigan. Prices start at $4250.00 and monthly payments are only $43.00. Here is a wonderful opportunity to enter the "Two Home Class."

Exciting New Plan Now Lets You Build and Finance A New Home Anywhere in Michigan

DETROIT—State Homes Inc. of 6450 E. 7 Mile Rd., Detroit 34, Michigan is currently introducing a much needed and long awaited plan for building and financing new homes anywhere in Michigan! Prior to the advent of this plan, thousands of families in Michigan were unable to obtain financing for a new home. Conventional mortgage sources such as Banks, Savings and Loan Associations, and Insurance Companies have historically been adverse to making mortgages in rural and resort areas or undeveloped subdivisions. Also, these conventional mortgage sources have required a down payment of 25 to 50%. As a result of these factors, thousands of Michigan families have been unable to build the new homes they so desperately need. Now, with State Homes' radically new building and financing plan, nearly everyone can have the luxury and pleasure of a new home, regardless of the location.

Only $50.00 Down 12 Year Terms

DETROIT — A Company spokesman pointed out that when you buy a State Home you have it paid for in only 12 years! He also stated that interest is based on the declining principal balance. This is the same method used by your local bank. In addition to this money saving factor, the down payment on a State Home is only $50.00. This brings new home ownership within the reach of thousands of Michigan families who have never before been able even to consider the wonderful experience of owning their own new home on the site of their choice.

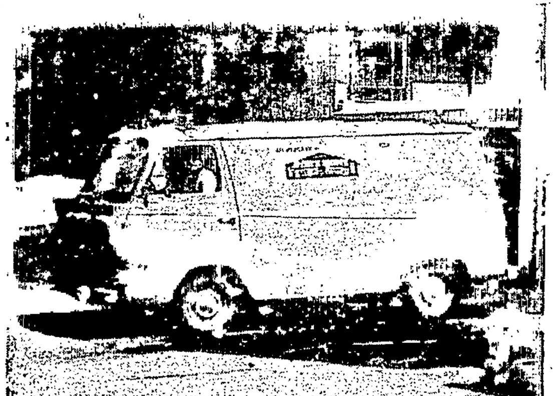
SHOWN HERE is a complete State Home as it leaves the Michigan Lumber Co. All parts are pre-cut to exacting standards, from the best of quality materials and are assembled on the site. This makes possible maximum efficiency and assures purchasers of greater value.

Homes Are Pre-Cut to Exact Standards from Finest of Materials

DETROIT—State Homes is a subsidiary of one of Michigan's oldest and most respected lumber companies. All materials are purchased in carload lots for greatest economy. Lumber is of a superior quality and is pre-cut in jigs to very close tolerances. This eliminates the problem of waste lumber and greatly speeds construction, which naturally results in additional savings and a greater value for you. One-half inch dry plaster is used to finish off the interior of the home. Heavy-duty high grade aluminum siding with insulating backing covers the exterior of every State Home. Copper plumbing, Bryant furnace, Textolite, 215# shingles, aluminum heating ducts and weather stripped doors are all part of a quality home b[illegible]

State Homes Erected on Site By Experienced, Economy-Minded Detroit Contractors

DETROIT—Reliable and experienced Detroit construction crews are dispatched throughout Michigan to erect State Homes. They are responsible to State Homes for quality workmanship and they assure State Homes purchasers of Detroit prices, **regardless of the location of their new home.** This naturally means greater savings and greater value. This factor also assures buyers that their home will be erected in the shortest possible time with no effort on their part.



PORTRAYED HERE is a typical Detroit contractor about to leave on a tour of the State to perform his part in building State Homes. These men are chosen for experience and proven responsibility in their particular trade and bring Detroit prices to all parts of Michigan.

Land Developers Praise Plan

OSCODA — Land developers throughout Michigan are also finding State Homes to be a welcome answer to their problems. Countless land developers throughout the State have beautiful building sites to offer, but have never before been able to secure satisfactory financing for the construction of new homes on these sites. Now, State Homes not only provides the financing but it also will build the basic house for the land developer. With State Homes' help he can now begin to move his lots in volume.

Firm Offers Free Literature To Interested Parties

Back To School Go Scholars, And Dollars

WASHINGTON—Nearly 39 million public school students—more than one in every five persons living in the United States—will be heading back to classes this fall after the annual summer vacations.

Back to class with them will go 1.5 million teachers, principals, superintendents, librarians, guidance and psychological personnel, and other instructional and staff workers.

These figures are projections of the way things will go if they continue as they have been.

And here's how they have been, according to figures from the U. S. Office of Education and the National Education Association:

Students — Last fall 37,504,000 were enrolled in public elementary and secondary schools, an increase of 3.4 per cent over the previous year. For the last 10 years the average increase in enrollment has never gone below 3 per cent.

Although most of these students attended school full-time, over a half-million did not, primarily because of overcrowding and consequent half-day sessions. The problem was particularly acute in New York, with 104,000 pupils on short sessions, Florida, with 41,000, and Illinois with 40,000 on abbreviated schedules.

In the nation as a whole, the schools had 4.5 per cent—1.7 million—more students than their rated capacity, although the percentage is dropping gradually.

Teachers—last fall there were 1,463,000 teachers in public elementary and secondary schools, an increase of 3.9 per cent over the previous year. For the last 10 years, the average increase in the number of teachers has never been less than 3 per cent.

The average public school teacher this year was paid $5,527, a pay hike of $252 over the previous year.

The ratio of pupils to teachers —25.8 pupils for every teacher last fall—has also been dropping slowly but steadily. As far back as 1954 a public school teacher had an average of nearly 28 students in class.

Classrooms — Last fall there were 1,385,000 classrooms in U. S. public schools, an increase of over 53,000 from the previous fall's total. It is the highest total number of classrooms listed since the U. S. Office of Education started keeping figures in 1955.

Data on the number of new classrooms constructed and the number of classrooms abandoned during the year will not be available until after the 1962 fall survey. But over the last six years both new construction and abandonment of obsolete classrooms have been rising.

If the pattern of past years is repeated, the survey will find well over 60,000 classrooms were constructed during the year . . . and that the nation's public schools, despite this, still need 127,000 more classrooms. For while the building process continues, so does overcrowding and obsolescence, and so new classrooms are absorbed without doing much to reduce the continuing need for more classrooms.

School Districts — This year the number of school systems in operation again took a drop, as the move continued to strong, consolidated school districts in place of weak, smaller districts. The estimate of school systems in operation when school opened last fall was 35,000—a drop of 2,000 or 5.7 per cent from the previous year. Back in the 1931-32 school year, there were 127,422 separate school systems in operation. Since then, the number has gone down 72 per cent.

Finances — This year public school costs were estimated to hit over $18 billion for all purposes - operating expenses, construction and interest on school debts. This would be an increase of 7.7 per cent over the previous year's estimate. For the last 10 years, the percentage of increase has never dropped below 7 per cent. The average annual hike has been 9.5 per cent. It jumped up to 13 per cent in the 1957-58 school year, the year after the Russians sent up Sputnik I, with the consequent increased interest in schools and increased expenditures to make the schools better.

This year, as in the past, local sources of revenue provided well over half of the money needed for school operation - 56.1 per cent. The states provided 40.2 per cent of the money needed and the federal government gave 3.7 per cent.

41st Oaks Reunion Held

The 41st annual Oaks reunion as held Sunday, August 12th, in rayling, with one hundred one rsons attending. Mrs. Bertha aks of Clio, 91, was again the dest member of the family to tend, and Margaret Ann Mosh- er of Clio was also the youngest or the second year in a row.

The business meeting was rought to order by President Leo amer, the minutes of last year's eeting read and approved, and letters read from those unable to attend. The officers for next year's reunion were elected as follows: President, John Stuckey of Flushing, Vice-president, Ray Oaks of Flushing, Secretary-treasurer, Virginia Oaks of Flushing. It was decided that the officers are to appoint the entertainment committee for next year, and that the place of meeting would be at Flushing Park, Flushing, on the second Sunday in August.

The children enjoyed playing games, and there was the usual baseball game, which this year ended in a tie. There was the usual quanitity of very fine food, with everyone getting their fill. The only flaw in a very successful day was the weather, which was damp and cool. Everyone still managed to have a good time, and left planning to all get together next year.

BITS O' TALK

Francis Lemmer was in Detroit the forepart of the week on business.

Mr. and Mrs. Al Heintzelman of Alpena were in Grayling Thursday, on business.

Fred Miller was away Friday to Sunday, to take part in the wedding of a friend, Ron Garthe of Clare, to Miss Mary Adele Fossbender at Marquette, on Saturday.

R. E. DuBois of *Birmingham* visited his son Dick DuBois and family for a week. Mrs. DuBois drove her father-in-law as far as Bay City Thursday on the return trip. Elting DuBois accompanied his father here and shared a fishing trip with the whole family to the upper peninsula the early part of the visit.

Mr. and Mrs. Walter Mikesell entertained her brother and family Mr. and Mrs. Max Irland, Karen and Freddie of Dearborn, from Thursday through Sunday.

Mr. and Mrs. Joe Konen and daughters Darlene, Cheryl, and Becky of Croswell spent Thursday *afternoon visiting her cousin* and family, the Bob Strongs.

Mr. and Mrs. Jerry Burns drove to Lansing weekend before last to visit her parents, the H. E. Farringtons, and to pick up their daughters, Nancy, Sandy andSusan, who had spent ten days visiting their grandparents.

Mr. and Mrs. Charles Kovaks of Ft. Lauderdale, Fla., former owners of the Wayside Inn at Lake Margrethe, and their granddaughter visited friends, enroute home. They had spent some time at their cabin at Clear Lake before coming here.

Mr. and Mrs. Walter Mangsen of Southfield entertained their grandchildren Janice, Kathy and Sandy Green and Patty Mangsen last week at the Danish Landing.

Mr. and Mrs. Robert Meerdo and daughter Shelly of Gaylord moved to Grayling last week, into the Sweetwood home in Karen Woods. Mr. Meerdo is employed as an accountant in Clifford Peterson's office.

Mrs. Harry Souders drove to Escanaba August 1st to bring her daughter, Mrs. Robert Knutilla and children Margaret, Tom and Susan, back for a visit until Monday. Mr. Knutilla came down to *spend the weekend with his family* and the Souderses, and to take his family back home.

The Jim Bond family of Harrisville have been spending some time with his sister and husband, the Fred Millers. Jim had minor surgery at Mercy Hospital and was hospitalized for four days, and spent the rest of the time resting up. Mr. and Mrs. Miller were in Clare Saturday a week ago to see his mother, Mrs. Fred Miller, Sr., who had been in the hospital there.

Dr. and Mrs. Paul Dosch and family returned Thursday from a five-day visit with his parents, Mr. and Mrs. F. J. Dosch at Zanesville, Ohio. The doctor's sisters, Sister Hillaire and Sister Frances Mary came from Manitowoc, Wis., to visit them at the same time.

Alfred Hanson, as delegate from Legion Post 106, Mrs. Larry Balch and Jean Rasmussen as delegates **from the ladies Auxiliary, Post 106, and Mrs. Frank Muth all attended the American Legion convention at Lansing Civic Center August 2nd through 5th.**

Mr. and Mrs. Lon Post and her son Richard Berry of Lansing returned home last week on Wednesday *after spending five days* with his father, Eric Post and family.

Miss Nancy Cornell was hostess to about eleven young ladies at a pajama party at the Cornell cottage at the Danish Landing recently. The girls tried their hand at making pizzas, and eating them.

Mr. and Mrs. Clair Melroy have purchased *one fo the Nielsen* cottages at the Danish Landing. Mr. Melroy's sister, Mrs. Myrtle McPhail and son John, and Mrs. Don Melroy and nieces Betty and Susan, of Tiffin, Ohio, spent last week at the cottage.

Dr. and Mrs. Stanley Stealy are entertaining their cousin and wife, Mr. and Mrs. Spencer Hough and daughter Patricia of Friona, Texas, for a month or so. Wednesday of last week they all made a trip to the Canadian Soo. They will be visiting relatives in Grand Ledge sometime during their visit here.

Roy Lovely resumed his former job with the A & P store Tuesday of last week. He had returned home July 24th after serving his required military duty, in Newfoundland and Iceland, the past two years.

Alvin Walker and his grandson Gayle Dendel of Royal Oak arrived Friday to spend the weekend with his son and wife, the Hal Walkers.

HAGGERTY - TINKER WED JULY 30th

Miss Sheila Haggerty, daughter of Mr. and Mrs. Frank Haggerty of Memphis, Michigan, was united in marriage with Mr. Robert Tinker, son of Mrs. Laura Tinker of Grayling and Robert Tinker of *San Francisco,* California, at 7:30 in the evening July 30th in a candlelight ceremony at the Free Methodist Church in Memphis. Attending the couple were the bride's brother Kenneth and sister Miss Ruth Ann Haggerty.

The newlyweds are making their home at 301½ Maple Street *following their marriage.* Mr. Tinker is employed at the Grayling Reel Company.

Mr. and Mrs. Frances Decker, Jr., Mrs. Laura Tinker and daughter June attended the wedding from Gravling.

LOCAL GROUP IN ROGERS CITY PARADE

The Twilight Twirlers and their leader, Mrs. Richard Lippard, took part in the parade at Rogers City held *August5th, part of the* Limestone Division of U. S. Steel's 50th anniversary celebration. The parade was postponed from the day before due to inclement weather, resulting in the loss of many units planned for the parade. Those of the Twirlers taking part were: Susan and Kathy Bourrie, Candy Pond, *Luella Millikin,* Monica Stephan, Joy Rasmussen, Mary Kay Hunter, Cheryl Gorman, Bonnie Lenkowski and Dorothy Filley. Unable to attend because of the date change were: Marie McIsaac and Debra Snyder. Those driving the girls to Rogers City and back were: Mrs. Lippard, Mrs. William LaChappelle, Mrs. Ruth Gorman and Mrs. A. E. Filley.

Mrs. Lippard reports that the Twirlers have returned to one drill practice a week and lessons. The girls have begun plans for projects to earn money to buy tailored uniforms.

.O.P. Hopes High . . .

Republican faces were long, the expressions glum, er the last Presidential election. Even though Mr. nnedy had won by an almost non-existent margin—ll under 200,000 popular votes—the future, from the OP's conning tower, looked bleak. In recent times all esidents have been reelected to second terms with mparative ease, and Franklin Roosevelt, of course, cessfully went to the post four times.

This pessimism was reflected in the attitudes of Re-blican Presidential possibilities for 1964. They all ted looking away and announcing plans and policies at had no connection with the mansion whose address 1600 Pennsylvania Avenue, Washington, D. C. There s a good deal of talk to the effect that the GOP might st go through the motions in 1964, putting up an ex-ndable candidate whose chances would be nil, and vote its real energies and resources toward building 1968.

This is not true any longer. As just about all quali- d observers of the national scene are saying — hatever their own political faiths and affiliations—epublican hopes are soaring, and a sizeable black oud of pessimism and worry has moved to the other de of the aisle. In other words, Mr. Kennedy no nger looks like a cinch in 1964. Nor does it look as the Democratic party is almost sure to have things retty much its own way in this year's Congressional lections.

Several reasons have resulted in that attitude. Time ill tell whether or not they are valid, but they exist. ne is a feeling that Mr. Kennedy's eloquent words ave not been matched by deeds— that he has been a oor performer after the stage was brilliantly set. An- ther is that he often has accepted bad advice, from en who are out of key with the needs and wishes of he country, and that this is reflected in the current estless attitude of the electorate. A third—and by far he most important, in the light of practical politics—has been the legislative disaster his program has encountered..

Whether you are for Mr. Kennedy or against Mr. Kennedy, the record speaks for itself. A box score:

The White House placed a stack of blue chips on the proposal to create a Cabinet-level Department of Urban Affairs. It died in Congress.

Federal aid to education has high Administration priority. The chance of a bill being released to the floor for a vote is exceedingly remote. The responsible Committee will, in all probability, see to that, and the consensus is that the bill would be defeated anyway.

The Administration went all-out for the farm bill. It is no secret in Washington that extremely heavy pressure was applied to Congressmen whose position was uncertain. The bill was defeated in the House, and is dead, for this year at least.

But the worst blow of all came on July 17. The Administration had saved its biggest guns for the medicare bill, providing for medical benefits for all persons drawing Social Security payments. When it became clear that the original bill was doomed, a compromise plan was substituted, though it was still based on the Social Security approach to the problem. Action was delayed until leaders felt the bill had a good chance. They were wrong. The Senate killed it.

On the same day the House voted down a new proposal for production of electric power at the Hanford, Washington, nuclear reactor plant by a group of public utility districts. This was not an Administration "must" measure, but it did have Administration backing. Last year a bill for federal generation at the same site was defeated.

This series of Administration losses cannot be attributed solely to Republican solidarity. The Democrats have heavy majorities in both branches of Congress. But the Administration has been unable to firm the Democratic lines, and large numbers of its party members have voted in opposition to measures on which great prestige and authority were gambled.

A major change may take place between now and 1964, and the hopes of the GOP for making heavy gains in this year's Congressional contests—including, even, control of the House—may prove groundless. Politics, after all, is an art, not a science, and the arts tend to unpredictability. But the hopes are there, and we will see some lively maneuvering in both camps. An unusually interesting bit of political warfare is taking place in Republican councils where Conservative Senator Goldwater and Liberal Governor Rockefeller are jockeying for position. But that is another story.

Interesting Items of News Gathered From the Files of the Avalanche of 23 Years Ago.

August 17, 1962

Warner B. Sayer of Lexington, Ky., vice president of the Dixie Highway association, was in Grayling Wednesday noon. About 15 Grayling citizens attended a luncheon given in his honor at Shoppengons Inn. Mr. Sayer gave a resume of aims and hopes of the association which principally is for the construction of a super highway from Florida to Canada, passing through Michigan, Ohio, Indiana, Kentucky, Tennessee, Georgia and Florida. It has been necessary to interest the governments of these states and also the federal government. Wherever association officials have gone they have given enthusiastic reception. This is a non-profit organization, with units in every state thru which the proposed highway is scheduled and most of the cities it passes thru. Grayling has nearly 50 members, which unit is doing its part toward making the project a reality.

Honors were won by four young men of Grayling and vicinity this summer at Fort Brady. They were Robert R. Welsh, marksmen, Frank May, marksman, Kenneth Peterson, marksman, and Frank R. Jenson, member of softball runner-up team. They are among the 271 young men who have just returned home after completing a 40-day voluntary period of training in the 1939 Citizens' Military Training Camp, Cyrus J. English at Fort Brady in Sault Ste. Marie.

The fisherman's version of the rainbow's end, a lake with an endless supply of big, scrappy fish and nobody else aware of its existence, has been discovered by a Lansing man and his brother, but to get to it they had to use modern trail blazing methods that would have put a frontier Indian scout to shame. The hidden lake is tucked away in woods and swamplands of the remote reaches of northern Michigan. The two men keeping this fish-catching paradise a secret are Herb Lewis and his brother Frederick, who home town Herb won't reveal as it might tip off inquisitive fellow anglers, according to the version reaching the conservation department. Frederick is a private airplane pilot and the brothers have used the ship to take weekend fishing jaunts. Lately they spotted what they since have called their hidden lake, so hidden it must have escaped the map-maker. They twice landed the plane and tried to find their way into the lake but were unsuccessful. Then they attacked the problem from a true up-to-date angle. They loaded their ship with white flour in paper sacks, flew over the lake, dropping the bombs every few feet, th s neatly blazing thei rail fr the landing field th [illegible] he water's edge. They have a canoe hidden there now, and it takes two trips to get their provisions and equipment from the plane to the lake.

A few months ago Harold "Spike" MacNeven had an occasion to attend a Council meeting at the City Office. The room was rather crowded that night and all the chairs were occupied, so Spike stood up. He remarked that night he was going to do something about it. Today Spike came up to the City Office and presented the City with six new steel folding chairs.

Editor Phil Rich of the Midland Daily News was a luncheon guest of O. P. Schumann Wednesday. Mr. Rich visited Alaska this summer and while there took six reels of colored motion pictures. He visited some of the remote sections of the land of the midnight sun, also shot and killed three bears.

Mr. and Mrs. Erwin Wales are happy over the arrival of a son, Lester Duane, born to them Monday, August 7, at the home of Mrs. Wales' parents, Mr. and Mrs. Ervin Cady.

Roger Bruce Schroeder entertained 14 of his little friends at the home of his grandmother, Mrs. Joseph McLeod, Saturday afternoon, the occasion being his 8th birthday. Games were played until Mrs. McLeod served ice cream and cake.

W. James Olson of Clare flew his new airpalne to Grayling on Saturday afternoon. This was his first trip alone and he encountered a storm en route, however, he came out of it all right and landed safely. He returned to Clare the same afternoon.

Mr. and Mrs. Brad Jarmin spent Friday in Bay City.

Mr. and Mrs. Harry Wright and daughter Mary Jane of Lansing are enjoying a week's vacation at Linger Longer cottage at Lake Margrethe.

Mr. and Mrs. Sigwald Hanson and son John of Mt. Pleasant have been occupying a cottage at the Danish Landing. Of course they are seeing a lot of their old Grayling friends.

Mrs. Arvilla Collier and nephew Virgil Collier of Standish were guests of the Henry Bousson and David Montour families over the weekend. Mrs. Montour returned with them for a few days visit.

Miss Joanne Corwin, daughter of Mr. and Mrs. Menno Corwin, is visiting at the home of her aunt, Mrs. Anthony Serras at West Branch.

Mrs. Clarence Gross and daughter Sally left Wednesday to spend a two weeks vacation at the cottage of her sister and husband, Mr. and Mrs. Stuart Rutledge, at Higgins Lake. Mr. Gross will join them for his vacation in a couple of days.

Mr. and Mrs. Floyd Barnes enjoyed a weekend visit from the latter's sister, Mrs. Jessie Richards, husband and children, and Mr. Barret of Kalamazoo. Jack and Bobby Richards, who had be n spending the summer with their aunt, Mrs. Barnes, returned home with them.

Albert Grouleff of Muncie, Ind., and Fritz Grouleff of Greensburg, Ind., arrived Friday for a two weeks vacation at Lake Margrethe at the Lemler cottage, joining Mrs Albert Grouleff and their daughtar Mrs. Lemler, who are spending the summer here. The gentlemen are also visiting their sister, Mrs. Olga Boeson.

August 17, 1916

Miss Matilda Foley returned Friday from summer school at Ypsilanti and is at her home in Luzerne.

Mayor and Mrs. Hans Petersen received word Wednesday of the birth of a daughter to Mr. and Mrs. William Pobur, of Detroit. Mrs. Pobur was formerly Miss Olga Petersen.

Miss Lottie Sias of Midland is spending several days in the city the guest of Miss Molly Johnson. Miss Sias will be remembered as for a couple of years she conducted a millinery store here.

Miss Louise Trevegno of Mt. Pleasant is a guest at the A. M. Lewis home. Miss Trevegno taught for two years the third and fourth grades of the South Side School.

Sheriff William H. Cody, Alfred Olson, C. M. Hewitt, David Montour, L. M. Edwards and Al. Cramer left Sunday by boat for the mouth of the South Branch River, where they will spend the week camping and fishing. Ambrose McClain and John Larson drove down Monday to join the party.

Mrs. John McClellan and children of Bay City are visiting her sister, Mrs. Daniel Hoesli and family for a few weeks.

Mrs. Paul Hendrie spent the forepart of the week in Bay City on business.

Lorraine Sparks arrived from Galesburg, Ill., to visit his mother, Mrs. Tillie Sparks.

At the council meeting Monday night a resolution to purchase a chemical fire engine was passed and adopted and an order placed for the same. The fire engine is an American LaFrance Double Tank Chemical equipment, mounted on a Ford chassis.

Mrs. A. J. Pearsall of Johannesburg visited her husband and other relatives at Lovells a number of days this week.

Luther Herrick, Michigan Central freight and ticket agent here, has resigned his position and accepted a very responsible position with the duPont Company. He will have charge of the checking and accounting of all shipments that come into the duPont yards. Mr. Herrick has been in the employ of the Michigan Central for about 20 years, 12 of them in Grayling. He is succeeded as freight agent by J. C. Yahr of Gladwin.

Roderick Cameron of Houghton has been a guest of his sister, Mrs. Charles O. McCullough, for the past wee .

School Board Minutes

July 9, 1962

Regular and Annual Organizational meeting of the trustees of Grayling School District No. 1, was called to order at 8:00 p. m. in Homemaking Room by President B. E. Henig.

Present: Trustees James Baker, Matilda Bishop, Dr. B. E. Henig, Jerome Kesseler, Bill Joseph, LeRoy Millikin and Eva Strong, and Supt. Joseph Stripe.

The minutes of the last regular meeting held on June 18, 1962, were read and approved.

President Henig announced that nominations would be in order for election of officers for the coming year. Moved by Kesseler and supported by Bishop that Dr. B. E. Henig be nominated President. Motion carried. Moved by Millikin and supported by Strong that nominations for office of President be closed and unanimous ballot cast for election of Dr. B. E. Henig as President of this board for the year 1962-63. Motion carried. Moved by Baker and supported by Strong that Bill Joseph be nominated for office of Secretary. Motion carried. Moved by Strong and supported by Millikin that nominations for office of Secretary be closed and unanimous ballot cast for election of Bill Joseph as Secretary of this board for the year 1962-63. Motion carried. Moved by Millikin and supported by Henig that James Baker be nominated for office of Treasurer. Motion carried. Moved by Kesseler and supported by Bishop that nominations for office of Treasurer be closed and unanimous ballot cast for election of James Baker as Treasurer of this board for the year 1962-63. Motion carried. President Henig then declared that the above persons had been duly elected to serve in the offices for the school year July 1, 1962 to June 30, 1963, or until their successor be chosen.

The Treasurer and Superintendent reported on the financial condition of the district, and a general discussion followed. The balance in the General Fund, as of 6/30/62, amounted to $2,666.21, and with State Aid still due us in the amount of $27,722.02, and with a loan due to the Grayling State Bank in the amount of $20,000, should leave a balance of approximately $10,388.23 for the fiscal year, and this amount can then be used for purchase of a new bus. In the Debt Retirement Fund, the balance as of 6/30/62, amounted to $19,119.39.

A lengthy discussion was held on the Physical Education Program, including the use of present facilities, the need for repairs to our old bulding, and the Public Address System now being tested in the gym. Discussion was also held on bids presented for purchase of school bus, with no action taken pending more information to be obtained by Mr. Stripe.

Mr. Stripe informed the trustees that brick work and other repairs would be completed at the High School entrances soon: Nels Wyman has been hired to remodel Room 9; Leo Jorgenson has been hired to paid window sills and garage trim; Clifford Peterson is working on our annual audit; and a letter received from the Conservation Department informs us that if the lot at the South Side School, deeded to Grayling School District No. 1, is not used for school purposes, it will revert to the Michigan Dept. of Conservation. The annual fall meeting of the Michigan Association of School Boards will be held in Grand Rapids on November 8 and 9, 1962. Several architects have been contacted in preparation for the trustees to select one to help with plans for school expansion. The official School Census of 1,038 shows an increase of 57 over the 1961 census of 981. The superintendent was requested to continue to attempt to instigate a Remedial Reading Program in conjunction with other schools, similar to the Speech Correction Program we will have this year. Mr. Stripe reported that Mrs. Flossie Faircloth had been hired to teach this year. Mrs. Jim Thompson appeared before the board to explain the plans for establishing a Teen Age Center, and requested use of the South Side Building for this group After some discussion, it was moved by Baker and supported by Millikin, that this building be leased to the Grayling Youth Association for the sum of $1.00 for a period of six months, with option for renewal after that date. Motion carried. The academic program in our school system was discussed for some time, and there being no further business to come before the board the meeting was adjourned at 10:30 p. m.

HOW TO SUCCEED IN BUSINESS BY REALLY TRYING

F. C. Welsh

We came across some sound philosophy a little while back that is bound to make a sure fire success of any business that applies it faithfully. The trouble is, as any business man will tell you, good intentions somehow become forgotten and resolutions are more recited than practised.

If we often fall short of perfection, we hope you'll forgive us. But we did think you'd enjoy reading some of these pearls of good common sense. Though we don't always succeed, we're always trying to make them our rules of business. If you deal with us, then they're bound to affect you. And if not, perhaps you'll find them interesting anyway.

Here they are:

"Reputations will continue to be made by many acts and lost by one . . .

Performance will continue to outsell promises . . .

Business will continue to go where invited and remain where appreciated . . .

Go-givers will become the best go-getters . . .

People will go right on preferring to do business with friends . . .

Know-how will surpass guess-how . . .

Trust, not tricks, will keep customers loyal . . .

Enthusiasm will continue to be as contagious as ever . . .

Quality will be prized as a precious possession . . .

And as anyone who has driven it knows, the *"extra mile"* has no traffic jams."

May we have a chance to serve you?

Lesiglative Committee To Hold Hearings On State Parks

The House Interim Study Committee on "State Parks and Public Lands" will hold hearings and visit forest camp sites throughout Western Michigan from August 20th through the 24th.

Committee Chairman, Reimer Van Til, said that the purpose of the Committee is to observe State Park operations and State Land use in view of the tremendous pressures on State Parks. Superhighways, higher wages and more leisure time are changing the recreational habits and needs of people everywhere but Michigan, being the summer tourist mecca of the Midwest, is being affected by this speed-up in recreational pace much more than most other states.

A few of the questions under consideration will be that of multiple and increased use of State lands for recreation, the economic impact of State Parks in the Community where they are located, the possible encouragement of private parks and recreational areas.

Van Til said, "With not too much money available, Michigan will have to depend on sound management and some imagination to stay ahead of Canada and neighboring States in competing for the tourists' dollar."

The hearing will be in Lansing on August 20th with the Conservation Department and other Departmental heads.

August 21st, Warren Dunes State Park at Sawyer, Stevensville at noon — Holland in the evening.

August 22nd, Grand Haven at noon, Ludington evening.

August 23rd, Traverse City at noon, Kalkaska evening.

August 24th, Clare at noon and disband from there.

WILL YOUR CHILD DROP OUT OF SCHOOL?

Nearly one million boys and girls 16 and 17 years of age, who should be in high school, are not. They have left their books behind and hang out in gnags on street corners, or work casually from time to time at low paid jobs. Few are equipped for regular employment. Many of them are habitues of the juvenile courts.

These are high-school dropouts.

They are a big problem now, and in a few years will be an even bigger problem. The U. S. Labor Department has estimated that within the next 10 years 7,500,000 youths will quit school before finishing high school. Educators are concerned about this prospect, unless the schools are able to provide courses that will keep these young people in school and train them for useful lives.

The number of jobs available for unskilled workers is decreasing year by year, because of advances of technology. But the number of people who will be seeking such jobs is increasing rapidly.

Why are large numbers of young people leaving high school before graduation and why is this problem considered so serious by educators and other civic leaders? Will your child be a high-school dropout?

This is one of a series of Michigan Press Association Education features published as a public service by the Crawford County Avalanche in cooperation with the Michigan Press Association and the Michigan Education Association.
